

## Responsible Gaming

Version January 23, 2023

Registration for, and participation in, gambling activities on [www.dicebet.com](http://www.dicebet.com) is only permitted for persons of or over the age of majority and in accordance with age limitations set by the country of residence.

Attention! It is illegal for someone who is under the age of majority to gamble.

Any underage person who has carried out gambling activities on [www.dicebet.com](http://www.dicebet.com) will not be able to withdraw their winnings.

Legal gambling age can vary by country and region. We recommend that you examine relevant local regulations.

How can you protect underage persons from taking part in gambling activities?

If an underage person can use your computer, please take the following measures:

Never leave your children by the computer unattended if there are open websites deemed to contain content inappropriate or not allowed for underage persons, including [www.dicebet.com](http://www.dicebet.com); Install filter software that will allow you to restrict Internet access for children and young people to websites with gambling content. Once installed, this software allows you to block access to websites with gambling content for underage persons.

Examples of available software:

Net Nanny — filtering software protects children from inappropriate web content:

[www.netnanny.com](http://www.netnanny.com); CyberPatrol — filtering software allowing parents to add their own websites to be blocked and to track website visits: [www.cyberpatrol.com](http://www.cyberpatrol.com);

CYBERSitter — filtering software allowing parents to add their own websites to be blocked: [www.cybersitter.com](http://www.cybersitter.com);

K9 Web Protection — filtering software allowing parents to add their own websites to be blocked: [www1.k9webprotection.com](http://www1.k9webprotection.com).

Do not allow underage persons to take part in gambling activities.

To prevent potential misuse by underage persons, please keep your account number, user name, password and payment details confidential:

Do not use the feature “Remember my password” when accessing websites,  
Create separate profiles for other persons co-using your computer to avoid the possibility of accessing your personal information,
